The Of ce of Research and Sponsored Programs is proud to present our [External Funding](#) highlight book for Fiscal Year 18.

External awards boasted over \$9,100,000.00 in combined funding received. Represent ng new funding for FY18 are 32 Principal Investigators highlighted in this year's publicat on, each contributing to an array of research projects spanning various disciplines and adding to the cont nued growth and success of Stockton Univdesigned to educate on and STEM educate on and learning. Since 1991, this AERA Program has been vital to both research and training at early career stages.

The Grants Program encourages the use of major data sets from multiple and diverse sources. It emphasizes the advanced statistical analysis of data sets from the U.S. Department of Education's National Center for Education Statistics (NCES), the Center for Scientific Review (CSR). Investors will get insights into how applicat ons are reviewed so they can better enhance and advance their applicat ons in the NIH peer review process.

are also eligible for consideration. The Inclusion of federal or state experts from the NIH CSR answer the top 10 peer review quest ons applicants ask us. Be sure to also check out a list of the [Top 100 NIH Peer Review Q&As](#) for even more informat on and answers to quest ons you might not even know to ask.
