Degree Map: [Sustainability – Management \(BA\)](#)
Sustainability Program
School of Natural Sciences & Mathematics, Stockton University
USC 1 - 240 609-652-4546

The following is a suggested plan of study for completion of this degree program.

The goal of a Degree Map is to ensure that students graduate with no more than 81 credits and in four years.

- x All students should speak with their preceptor about their academic programs.
- x Students are encouraged to

Approved by The Sustainability Program (February 2022)

would replace some of the ASD or Program/cognate courses in the Degree Map.

- x Attributes (AHVI/Q, W and R) A course may fulfill multiple attributes and/or other requirements. Therefore, many attributes can be fulfilled without taking additional courses. Attributes can be taken in any order except for the first year requirements. Many course choices are available to fulfill an attribute.
- x Transfer students. Transfer students must take 25% of their remaining credits in General Studies with a GIS course required (The 25% Rule). Depending on transferred courses, individual attribute requirements may be met (AHVI/Q, W and R) but will be evaluated on transfer. For students transferring 64 credits or more, the General Studies course requirement is lowered to 16 credits (i.e. only four G courses are required, but students must take 4 credits in the GIS category, the other three G courses can be any combination of the G course categories) two W1 and two Q1 courses can be transferred, all W2 and Q2 courses need to be taken at Stockton. Up to one R1 or R2 can be transferred. Consult with an academic advisor for careful guidance.
- x Second degree. Students with an earned degree will be exempt from all general studies course requirements (i.e. G courses, ASD) and AHVI/Q, W and R attributes.
